Global Policy for the Allocation of the Remaining IPv4 Address Space. (2008-03)

☐ **Roque Gagliano**
☐ **Co-authors: Please check 2008-03 proposal.**

Introduction

☐ This policy defines distribution of last pieces of IANA IPv4 address to RIRs.

☐ Two proposals discussed at RIPE 55
  ➢ Prop 2007-03 : distribute 1 */8 to each RIR
  ➢ Prop 2007-06 : distribute 2 */8 to each RIR

☐ We now have a joined proposal with N=1.

Global Policy Process:

Status in other RIR:

☐ ARIN: Last Call since Apr. 14.

☐ LACNIC: To be introduced in LACNIC XI. Previous version already got consensus.

☐ AFRINIC: To be introduced in AFRINIC 8. Previous version already got consensus.

☐ APNIC: Under discussion, will be discussed in APNIC26.

Proposal: How does it work?
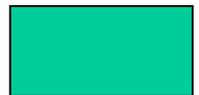

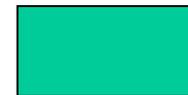

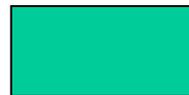

Standard IANA pool
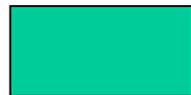

an RIR

Reserved IANA pool

APNIC RIPE NCC AfriNIC ARIN LACNIC
