Database WG Actions Review RIPE 56

Nigel Titley

Old Actions

- **[AP54.3 RIPE NCC]** To go ahead and investigate ensuring that all objects are maintained, including timeline and notifications. Submit proposal to the Working Group.

- **[AP54.4 RIPE NCC]** To investigate the provision of a "white pages" facility for industry related persons.

Old Actions

- **[AP54.5 DP-TF]** To analyse better the function of the country attribute in inetnum and inet6num.

- **[AP54.6 RIPE NCC]** To summarise the discussion on orphaned objects and write up for the mailing list

- **[AP54.7 RIPE NCC]** To prepare a plan for removal of the rev-srv attribute from the inetnum, inet6num objects.

New Actions

- **[AP55.1 RIPE NCC]** Add a feature to the LIRPortal "allocation editor" to include the "irt-mnt" attribute.

- **[AP55.2 Peter K]** To find out what the changed: line is used for and come up with a means of making it more useful.
  Will need coordination with the DP-TF.

New Actions

- **[AP55.3 RIPE NCC]** To make it clear to appropriate (legal) bodies what the function of the RIPE database actually is
